of the light of the 13to the america on the deck of the Gen. Miramon beard heavy cannonading in the direction of Vera Cruz.

There were captured with the two steamers six mortars, six 22 pounders and 2,000 stand of small The steamers are worth \$60,000. They broke lown the third day out and put into Sizal. The materials of war were stowed away below out of sight of the men who were ignorant of the destina-ion of the expedition, and who were forced into

fire and then tried to escape. The Indianola then pursued the Miramon, whereupon the latter fired upon her. The Indianola returned the fire and the crew boarded the Miramon at the point of the bayouet. A portion of the Indianola's deck was car-ried away by the shot. The Miramon was then run aground and the Suratoga brought the Mar-

The Picayane is informed by French priseners in hoard the prize that the fighting was done prioripally by the officers who were obliged to charge and fire the guns, assisted only by Mexican officers from the shore.

The two stoamers had 250 men on board and hear killed and worked. neir killed and wounded amounted to 40. The Indianola and Wave had 50 men each.

The 1st engineer of the Marques, an American, Capt. Turner saked why he fired on the Amerian vessel without provocation?

Marin replied that his men could not be controlled. He knew the nationality of the Surato-ga and understood her signals. The men fired contrary to his orders. Capt. Turner roplied. "You are entirely respon-
